TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE.

[L. S.]

To the Inhabitants of the Town of Salem, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the town house, in said town, on Tuesday, the tenth day of March next, at six-thirty of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1. To choose all necessary town officers for the ensuing year.

ARTICLE 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation for the same.

ARTICLE 3. To see if the town will vote to raise any more money for the repairs of highways than the law requires.

ARTICLE 4. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.

ARTICLE 5. To see if the town will vote to authorize the town treasurer to hire, with the approval of the selectmen, such sums of money as may be needed for general purposes in anticipation of taxes.

ARTICLE 6. To see what action the town will take relative to lighting the streets, and raise money for the same.

ARTICLE 7. To see if the town will vote to accept federal aid on Rockingham Road, and raise fifteen thousand dollars (\$15,000) for the same.

ARTICLE 8. To see if the town will vote to purchase a tractor and equipment for the removal of snow, and other town work, and raise money for the same.

ARTICLE 9. To see what action the town will take relative to the removal of snow from its highways, and raise money for the same.

ARTICLE 10. By request. To see if the town will vote to raise the sum of two hundred and fifty dollars (\$250), or any part thereof, for the use of Ernest W. Young Post, No. 63, American Legion, to be expended in the observance of Memorial Day in the year 1925.

ARTICLE 11. By request. To see if the town will vote to deed the old fire station at Salem Depot, to Ernest W. Young Post, No. 63, American Legion, to be used as a home, to be held by them as long as the present post is in existence.

ARTICLE 12. By request. To see if the town will vote to raise the sum of five hundred dollars (\$500), or any part thereof, above the sum required by law, for the support of the Salem Free Public Library, for the year 1925.

ARTICLE 13. By request. To see if the town will vote to raise the sum of two hundred dollars (\$200), or any part thereof, for the maintenance and improvement of the town common and the adjacent public land.

ARTICLE 14. By request. To see if the town will vote to direct the trustees of the trust funds to petition the Superior Court for instructions to pay the income of the Enoch Taylor Fund to the school treasurer for the maintenance of the high school.

ARTICLE 15. By request. To see if the town will vote to raise a sum not exceeding two thousand dollars (\$2,000), for the purpose of providing police officers for the ensuing year.

SALEM FREE PUBLIC LIBRARY.

The thirty-second annual report of the trustees is herewith presented:

A new member of the board was elected as trustee, Miss Alice Hall, who is also librarian.

Some improvements have been made, notably, the concrete walk from the street in, and also the addition of a new set of bookcases for some of the additional volumes and the display shelves for the children, the latter especially adding much to the convenience and appearance of the room. The addition of these shelves does not wholly solve the problem of proper accommodation, especially as we have been the recipients of the library of Mr. Alfred Ela of Boston, who has donated his personal library of about three hundred volumes. We have on hand also many valuable but not often called for books, and files of magazines valuable for reference on special topics. It has been suggested that an ample stock room, dry and well lighted might be arranged in the basement.

The heating system is antiquated, and not wholly efficient on cold days. To dispose of the present boxstove and install a hot air furnace would add to the beauty and comfort of the room.

Respectfully submitted,

MURRAY SMITH,
MARY FISK,
ALICE HALL,

Trustees.

REPORT OF THE BOARD OF HEALTH.

In making this my final report as health officer for the town of Salem, I wish to thank all the citizens of the town for the assistance they have given me during the time I have held the position. Having been appointed by the State Board of Health when the new law went into effect some ten years ago, abolishing the old method of handling health matters in the towns of the State and substituting therefor a health officer, I have held the office continuously since that time.

I declined a reappointment when my term expired on January 9, 1925, and Dr. Lewis F. Soule has been appointed in my place.

The town has been remarkably free from contagious diseases during the past year in spite of the fact that most of the cities near by have had a very serious outbreak of scarlet fever.

The diseases reported to the health officer during the year were whooping cough, measles, diphtheria and scarlet fever.

There were 24 deaths in town and five of these were from out of the state at the Methuen General Hospital at Stillwater.

Population census of 1920, 2,318.

Death rate per thousand, 10.30+.

AMOS J. COWAN,
Health Officer.

REPORT OF SPECIAL COMMITTEE ON FIRE APPARATUS.

The special committee appointed at the last annual March meeting wish to submit the following report:

Shortly after the town meeting your committee met and organized with C. H. Borchers as chairman, and Walter F. Haigh as secretary. Several makes of fire trucks were considered and your committee made several trips to other towns in order to witness demonstrations of the apparatus in action before placing an order. As a result of these inspections they decided on the American-LaFrance pump mounted on a Brockway chasis, they being satisfied that this apparatus was superior to the others which they saw demonstrated. The price of this apparatus was \$6,000 (six thousand dollars) while the appropriation was only \$5,000 (five thousand dollars) for the truck, but through coöperation with the selectmen, we succeeded in making a contract for the truck and 500 feet of hose for \$6,000 (six thousand dollars), they allowing us to use the \$500 (five hundred dollars) appropriated for that purpose. The remaining \$500 (five hundred dollars) has been saved from the \$1,000 (one thousand dollars) appropriated for maintenance. We were able in this manner to get the \$6,000 (six thousand dollar) apparatus without showing a deficit. A company of 12 (twelve) men was formed by your committee to man the apparatus, and both truck and men have given a very satisfactory account of themselves since they were put in operation.

After your committee had purchased the apparatus they were faced with a housing problem which was not provided for when the vote was taken to purchase the apparatus. It was finally decided to secure the opinion of some of the leading taxpayers of the villages in regard to this matter, and invitations were sent to 50 (fifty) citizens to meet your committee to consider means to provide a suitable building

for this purpose. Thirty-two (32) voters attended this meeting and as a result an agreement was reached whereby practically all of those who attended assisted in financing the project. Plans were secured and put out for bids and three (3) proposals were submitted ranging from \$7,688 to \$10,462. Your committee did not feel justified in expending this amount, to which would have been added the cost of the land, grading, and driveway, which would bring the total cost to approximately \$8,500 based on the lowest proposal received. After due consideration your committee were of the opinion that they could construct the building at a considerable less cost by handling the job themselves, and set about to handle it in this manner, with the result that the lot on the corner of Millville and Main Streets was purchased for \$500 (five hundred dollars) and the present building erected and graded complete at a total of \$6,300 (sixty-three hundred dollars). We feel, therefore, that we have saved at least \$2,000 (two thousand dollars) by this action and have a substantial building well located which amply provides for all requirements. We would respectfully recommend to the voters the raising of the necessary amount to purchase this property.

The committee cheerfully donated their time and expense for this work.

As before stated the new apparatus and men have given a very satisfactory account of themselves since being put in operation, but there is urgent need of a more adequate fire alarm system, and we would recommend the appropriation asked for in article 21 for this purpose.

Respectfully submitted,

C. H. BORCHERS,
WALTER F. HAIGH,
S. T. STEWART,
PETER A. SULLIVAN,
ARTHUR M. ROLFE.

	<hr/>	<hr/>
	\$22,157.00	\$26,605.93

The budget of 1925-1926 is an increase of \$4,448.93 over the budget of 1924-1925.

Of this amount \$417 will not be recurrent in future budgets (school nurse and reference books).

Only one-third of the total insurance may be charged to 1925-1926 since the policies are for three years. This reduces the cost by \$790.

The amount of \$1,109.93 paid for land and equipment will not occur in future budgets.

The total deductions therefore, which may be made for future budgets, amount to \$2,316.93 (\$417+790+1,109.93).

It seems, therefore, that the costs of administration, operation and maintenance of the present elementary school system would be increased for the future about \$2,100.

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE SCHOOL BOARD.

To the School Board and Citizens of Salem:

It gives me pleasure to present this my second annual report of the schools of Salem.

AIMS OF EDUCATION.

The scope of the public school has broadened during the past decade. It is now realized that the school must aim to bring about the highest development of the child physically and morally as well as intellectually. The school must teach the three R's better than ever by more efficient methods, but it must also teach health, citizenship, vocational work, and furnish character training.

A recent educational survey places the teaching and promotion of health first among the aims of the public school. In Salem we have been permitted to adopt this program by the employment of a full time nurse. A report of her activities for a short period during the present school year follows this report. I should like to call special attention to the following points.

(1) Every child receives instruction regarding proper food, recreation, and rest. Simple health rules are discussed and effort made to see that they are carried out.

(2) A dental clinic has been established at reduced rates and help secured to support it.

(3) Free hospital treatment has been secured for needy cases.

A survey undertaken early in the school year shows gratifying results in reading, fundamentals of arithmetic, and spelling. Need of concentration in problems was shown and special emphasis has been placed in this phase of the subject. Every effort is being made to teach the three R's in an efficient way. Instruction here will be continued through the high school where needed.

The establishment of a six-year high school will permit the offering of courses in cooking, sewing, manual arts,

giving information regarding a large number of vocations and trades, in the first two years. Shop work will be continued through the third year of high school. Courses in household appliances, household organization, household management, nursing and physiology, millinery, will be offered during the last four years of high school. Such courses train the girl as a home maker, and lay a foundation for the vocations in the case of the boy. They teach respect for manual labor and thus serve to dignify it.

A live school system will aim to train pupils for the wise use of leisure time. When it is noted that leisure time of the American people is on the increase, and that it has proven difficult for many to find profitable use for spare time, the value of instruction of this character is evident. The school system is endeavoring to bring children into contact with good books, to furnish opportunity for the enjoyment of good music, to organize boys and girls for healthful recreation. Such training must be more strongly emphasized if we are to develop a contented and worthy citizenry. A proper balance in the program of leisure time instruction ought to be preserved. Instruction of this kind begun in the grades will be projected into the high school, and the teaching force will be employed and organized with reference to this need. There is real need for an auditorium in connection with the high school. An investment in this will bring ample dividends in happy citizens.

The wise teacher recognizes the value of keeping in touch with the home. By this means she obtains first hand information regarding the child's attitudes and habits, and learns to appreciate the problems of the parent. This contact will cultivate a more sympathetic understanding of each for the other's problems and react to the infinite benefit of the school system. The teacher ought to assist the parent in developing in the child the habit of accepting responsibility at home and of maintaining respect and obedience for parents and thoughtfulness and courtesy toward everyone in the home.

It is demanded of public schools that they turn out citi-

zens who know how to accept the responsibilities of citizenship in a democracy. Information as to the machinery of government, as to the ideals behind the Constitution, regarding the sacrifice and devotion of great citizens of the past must be imparted. The pupil must be brought into contact with the daily problems of governmental administration, he must be given knowledge of the social and economic structure underlying our great nation: most important of all activities relating to men working together in a great body must be introduced into the school.

Finally, schools should give character training. Supt. Fred Hunter in a recent address says: "The crime bill of the United States is \$10,000,000,000 and that of education one-tenth the crime bill, equal to one-sixth of our national income. Most of the crime is committed by youths between 18 and 25. And the majority of this is done between six and eleven." A president of a university is speaking on the subject of law violation and standing for it. A president of a foundation for intellectual advancement is spending his time talking against the Child Labor amendment. It is about time we did something about character training and education.

We must find teachers who have the traits of character that will make it possible for us to impart this training to boys and girls of Salem.

HIGH SCHOOL.

During the present year the average membership in out of town high school is about 70 and the total annual cost will be nearly \$10,000. This makes the average per capita cost approximately \$142. Good facilities have been furnished our students but the long days away from home have had many disadvantages to our students.

It is expected that Salem High School will be opened in the fall of 1925. Three curricula will be offered: (1) academic-classical; (2) commerce; (3) domestic arts. In addition shop work will be offered in the third year. The school will be organized as a six-year high school. Six teachers will be employed. It is expected that 90 pupils will enter the senior high school (four years), and 70 pupils the junior high school (two years).

* Mrs. Julia Muzzey replaced Miss Thayer, who resigned at the close of the winter term. Mrs. Muzzey resigned because of ill health and she was succeeded by Miss Hanson.

In organizing the school and administering the program the aims which follow will be borne in mind:

- (1) Health.
- (2) The common fundamentals.
- (3) Preparation of pupils for a vocation.
- (4) Training for leisure time activities.
- (5) Worthy home membership.
- (6) Good citizenship.
- (7) Ethical character.

There is real need of an auditorium. The following reasons may be given:

(1) The school must be unified by assembling together. Much of the advantage of a high school training is lost without this.

(2) Students need training in oral English. This means presentation of debated, original articles, and training in oral expression, before large groups.

(3) The school needs a social life, which cannot be developed without opportunity for frequent gatherings.

(4) The community as a whole ought to have a place of assembly which is public. The life of everyone will be broadened and community spirit developed through this means.

It should be remembered that high school students have already had contact with schools which furnish these opportunities. We ought to provide for them at home as fully.

The annual cost of this auditorium, including operation and maintenance, retirement of indebtedness, and interest will be approximately \$1,200. The cost of construction in addition to gifts already promised is \$10,000.

In closing I wish to commend teachers for their faithful work and coöperation. To school boards I wish to express my appreciation for their interest and help.

Respectfully submitted,

HENRY G. BLOUNT,
Superintendent.

Spoke before four societies on behalf of the Dental Clinic and sent letters to several others.

All school children who are not vaccinated are reported to the health officer.

Through the liberality of Dr. Hanrahan we have been able to start a dental clinic which began December 8, and which will be continued twice a week during the school session.

During the mornings of December 8, and December 10, the work accomplished was as follows: 8 roots extracted (5 infected), 5 silver fillings, 1 tooth treated.

By these clinics the children are able to secure dental work at half cost and through the kindness of various societies in Salem a fund has been started to aid needy children to secure the same services.

The following societies contributed to the dental fund:

Salem Grange,	\$3.00
Daughters of Fidelity,	5.00
Ladies' Aid, Tenney Memorial Church of Salem,	3.00
Ernest W. Young Post 63, American Legion,	5.00

Ernest W. Young Post, Ladies' Auxiliary, American Legion,	\$5.00
Baptist Ladies' Sewing Circle,	5.00
Methodist Ladies' Circle,	2.00
St. Joseph's Needle Craft Club,	5.00
Rockingham Thimble Club,	5.00
Total,	<hr/> \$38.00

Arrangements have been made with hospitals in Manchester, by which very needy children may have their tonsils and adenoids removed free of cost, except that of transportation. Some work will be done during the spring vacation and after school closes in June.

The children of each school have been promised three gold stars on next examination. One if not underweight. One for clean teeth, no cavities in second teeth and no roots or diseased first teeth. One for correct posture. The school which has the greatest number of gold stars in proportion to its number will have its record printed in one or two of the Lawrence papers.

Respectfully,

JANET McLEOD STEWART, R. N.,
Public School Nurse, Union 55.

REPORT OF SUPERVISOR OF MUSIC.

To the Superintendent and School Board:

I hereby submit my annual report as supervisor of music in the Salem Schools.

The text books remain the same, except at the Center School where Intermediate Music (Ginn & Co.) was introduced at the beginning of the 1924 fall term. The Hollis Dann Music Course is used at the Depot, No. 8 and No. 9 Schools. The Congdon Music Reader, a one-book course, works very well in the one-room buildings, that is at No. 7 and both the North Salem schools.

The work in music is being carried on in the usual way. The supervisor visits the larger buildings once a week; the outside schools every two weeks, plans the lesson and presents step by step the music problems throughout the course. Simple rote songs, very often nursery rhymes and singing games, with a small amount of blackboard work on notation, constitute the work of grade one. Rote song work is continued in the second grade; exercises and songs are learned from the Hollis Dann Music Course, Book Two. Music reading, key and time signatures, half step progressions by means of the sharp, flat and cancel are worked out in the third and fourth grades, where two-part singing begins. The steps already introduced are kept constantly in practise and two-part singing is extended and broadened in grades five and six. The minor mode, the triplet and compound time are the new features in these grades. Three-part singing is carried on very successfully in the seventh and eighth grades. The bass clef is introduced here and if there are any changed voices they very soon make themselves manifest.

The Victrolas at the Depot and Center Schools help greatly in the training of musical appreciation. The instruments of the orchestra and band are heard and talked about, also the quality and combination of voices.

Our aim in all this work is to secure greater excellence from year to year in tone quality and in sight-singing and

to develop a love for good music. To this end, the teachers coöperate with interest and skill.

In closing I want to express my appreciation and gratitude to the Superintendent and School Board for the interest and support given the work.

Respectfully submitted,

EVA WILLIAMS THOMPSON.

REPORT OF SPECIAL BUILDING COMMITTEE.

To the Inhabitants of the Town of Salem:

At the annual district school meeting held March 15, 1924, a committee of five were appointed, namely, the three members of the school board, Egbert J. Manor, Matthias Taylor and Elizabeth Cooper, Carl Smith and William E. Lancaster, to locate and arrange for the erection of two school buildings.

The committee elected Carl Smith, chairman; Matthias Taylor, treasurer; Elizabeth Cooper, secretary.

Thirty-one meetings were held between March 21 and July 12, when the special district school meeting was held.

TWO-ROOM SCHOOL BUILDING; HAMPSHIRE ROADS DEPOT.

The committee experienced considerable difficulty in selecting a site satisfactory to Hampshire Roads citizens, thus delaying the erection of the building.

Three petitions were received requesting the purchase of different lots of land. Two hearings were held to discuss the location. A petition was received requesting the school board to call a special school meeting to be held on the 24th day of May, 1924, at the Town Hall. The meeting did not change the vote of the annual school meeting regarding Article 6, which was inserted in the school warrant relative to a new school at Hampshire Roads Depot. The same committee were retained to complete the work.

On May 26 the committee chose a site located on the east side of Lawrence Road. Since there were no objections to this choice, the committee purchased a lot of land (one and one quarter acres) from Mr. Waterhouse on July 2, for the sum of \$200 on condition that a strong wire fence be built on the south boundary.

Contractors' bids on Mr. George W. Griffin's plans ran from \$13,200 to \$19,400.

Changes in plans were necessary to reduce cost of construction as the appropriation was \$12,000.

The four contractors who figured lowest were given opportunity to figure on revised plans.

A. F. Stockford's bid of \$8,373 without plumbing was the lowest and was accepted and contract signed. For several extras Mr. Stockford was paid \$240.80, making total paid to contractor \$8,613.80.

The new school opened in December, 1924. Expenditures follow:

C. Waterhouse, land,	\$200.00
W. E. Lancaster, surveying and money advanced for work done on lot,	99.50
C. T. Woodbury, looking up title,	19.85
A. F. Stockford, contract and extras,	8,613.80

FOUR-ROOM SCHOOL BUILDING.

Proposed sites on Knight's Place, Martin Avenue and Granite Avenue, were carefully examined, resulting in the

purchase of about two and one-fourth acres for \$1,000 from Mr. Leslie Colburn, who owns so-called Knight's Place.

The committee voted to invite several architects to administer sketches, the architect whose sketch was chosen was to be employed to draw plans for both schools.

The following architects competed: Messrs. George Broadhurst, George Adams, Ashton, Huntress & Alter, Edward Mandell of Lawrence, Mass.; J. W. Ibbotson of Haverhill, Mass.; George W. Griffin of Concord, N. H.; and Haynes & Mason of Fitchburg, Mass. The architect chosen for the two school buildings was Mr. George W. Griffin.

The following contractors figured optional on one or both schools, Kelly Bros. of Haverhill, Mass.; E. A. Peabody & Son, Louis Cyr, E. A. Dick, William J. Delaney, B. C. Packard, C. P. English, A. F. Stockford of Lawrence, Mass.; Fred D. Tootell, Fred A. Lord of Salem, N. H.; Louis H. McAloon of North Andover, Mass., and Shattuck Co. of Manchester, N. H.

The bids varied from \$29,022.77 to \$36,340 of brick and \$24,435 to \$31,800 of wood construction. The committee strongly advocated a building of brick if possible within the appropriation of \$30,000. To reduce cost of construction changes in plans were necessary.

Fred A. Lord's bid of \$25,766.77 for brick construction on revised plans was the lowest. It was accepted and contract signed, the building to be completed by September 20, 1924. Excavating began June 9, and ended week of June 15, because Mr. Levi Woodbury at this time offered to the town, through the committee, a gift of \$50,000 toward the erection of a high school for Salem under the following conditions:

SALEM, N. H., June 21, 1924.

Mr. Chairman and Members of the Building Committee on the New School Houses.

Believing as I do the growing necessity for a high school in our town I make this proposition to you and through you

to the voters of Salem, N. H., providing the town will vote to abandon the four-room school building now contracted for and vote to raise thirty thousand dollars (\$30,000) more in addition to the \$30,000 already appropriated and adopt the plans of Mr. James Allen, architect, which have already been prepared and submitted to a former building committee, and build an up-to-date high school building that will be a credit to the town, on land already secured for a four-room building, and employing Mr. Allen to construct and supervise a high school building in strict accordance with the plans above mentioned, which will provide accommodations for the seventh and eighth grades, as well as for high school scholars, and shall be called The Woodbury School, and when a contract is signed—with all the above stipulations and contractor bonded, I will give to the town of Salem the sum of fifty thousand dollars (\$50,000).

(Signed) LEVI WOODBURY.

June 21. Mr. Lord was invited by the committee to attend their meeting and was requested to state the amount of expense incurred by him to date of abandonment. Mr. Lord said he had not signed up with any of the sub-contractors but considered 50 per cent of his anticipated 10 per cent profit (\$1,250.00) on contract figure fair and stated that the following amounts were due him:

Cement,	\$38.75
Sand,	90.00
Lumber and nails,	200.00
Setting batters,	10.00
Excavating,	500.00
Mason's two trips,	35.00
50 per cent of anticipated 10 per cent profit,	1,250.00
	<hr/>
	\$2,123.75
Percentage discount on one item,	3.50
	<hr/>
	\$2,120.25

The school board posted a warrant containing five articles, calling a special school meeting to be held July 12, 1924, to act on Mr. Woodbury's offer.

Mr. C. H. Borchers offered a gift of \$1,000 providing \$9,000 be raised by public subscription exclusive of Mr. Woodbury's gift.

The ministers of Salem invited Supt. H. G. Blount and the committee to attend the Union services July 6, to explain conditions of offer, cost of maintaining a high school, etc.

July 9, Mr. May of the State Board of Education attended a mass meeting at the Parish House as our speaker.

Vote of special school meeting of July 12 resulted as follows: Ballots cast, 533; 468 yes; 59 no; 6 blank.

The result of vote was very gratifying and the citizens' appreciation of Mr. Levi Woodbury's gift of \$50,000 toward the cost of a high school was thus shown.

The committee appointed at the annual school meeting was reappointed to have charge of the high school building arrangements.

Expenses incurred on four-room building follows:

Architect, G. W. Griffin,	\$1,030.64
Salem Water Works, pipe and labor,	48.51
John W. Green, abstract,	5.00
Carl A. Smith, telephone calls and service,	7.00
W. E. Lancaster, service and money advanced,	
surveying,	94.00
Salem Electric Light, material and labor,	74.46
Leslie Colburn, land,	1,000.00
Judge Pierce, advice,	10.00
Fred A. Lord,	2,120.25
Cost of Bond,	236.20
	<hr/>
	\$4,626.06

On the plans drawn by Architect James E. Allen, sealed bids were received from the following contractors: Kelly Bros., Louis Cyr, Louis McAloon, E. W. Pitman and E. A. Peabody & Son.

E. A. Peabody & Son's bid was the lowest and was accepted. The Woodbury School building now under construction will be completed August, 1925.

The plans called for no auditorium. Many felt an assembly hall very essential, Mr. Peabody offered a gift of \$1,000 toward the cost of same, which would be \$12,000 if added during the construction of building.

August 11, Chairman Carl Smith resigned because he later removed to Manchester. Mr. Smith had previously called a meeting for Aug. 22 to talk over the need of an auditorium, so presided over same. Fifteen invited citizens to act as a committee were present. Mr. Myron Rolfe was appointed chairman of the auditorium fund committee. Mr. Wallace Cole offered a gift of \$1,000 toward cost of hall.

Chairman Myron Rolfe called a meeting of committee for August 27, but only four attended.

September 15, notice was received from the contractors stating they had reached a point in the construction of the building where the citizens must decide upon the addition of the auditorium. The committee called a public meeting for September 20.

September 16, Mr. Levi Woodbury offered a gift of \$1,000 toward the hall.

Mr. Chester T. Woodbury was chairman of the public meeting held at the Parish House September 20. Although the meeting was well advertised only about twenty attended. Those attending were in favor of the addition of the auditorium at this time but with such a small representation present requested the committee to insert an article in the school warrant and let the voters decide in March.

Respectfully submitted,

SCHOOL WARRANT.

THE STATE OF NEW HAMPSHIRE.

*To the inhabitants of the Town School District in the Town of
Salem qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall on Saturday, the fourteenth day of March, 1925, at two o'clock in the afternoon to act upon the following articles:

1. To choose all necessary district officers.
2. To see if the district will vote to raise and appropriate (\$5.00) five dollars on a thousand of the equalized valuation of the town.
3. To see if the district will vote to make any alterations in the sums of money recommended by the School Board for the support of schools and the payment of statutory obligation.
4. To see if the School District will vote to ratify the action taken under article 6 in the school warrant of March 15, 1924, and reauthorize the School Board to issue bonds to the amount of \$10,000 in retirement of a vote for that amount now outstanding.
5. By request. To see if the School District will vote to raise by notes, or otherwise, the sum of \$4,626.06 to reimburse the High School Building Committee for this amount, spent in settlement of claims and obligations arising from the abandonment of plans and contracts for four room elementary school building.
6. By request. To see if the School District will vote to accept gifts of \$4,000 which have been offered toward the building of an auditorium into the new High School on condition that the district will raise and appropriate the sum of \$10,000 for this purpose by notes or bonds extending over a period of twenty years and authorize the present building committee to proceed with the building of said auditorium.
7. By request. To see if the district will vote to pay tuition and transportation or any part thereof for High

School students now juniors who will be seniors in the fall and raise money for same.

8. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.

To choose agents, auditors, committees in relation to any subject in this warrant.

Given under our hands at said Salem this 27th day of February, 1925.

E. J. MANOR,
MATTHIAS TAYLOR,
ELIZABETH COOPER,
School Board of Salem.
